SECTION: PROGRAMS

TITLE: HOMEBOUND INSTRUCTION

ADOPTED: February 21, 2002

REVISED:

	117. HOMEBOUND INSTRUCTION
1. Authority SC 1329 Title 22 Sec. 11.25	The Joint Operating Committee shall provide, pursuant to law and regulations, individual instruction to students confined to home or hospital for physical disability, illness, injury, or when such confinement is recommended for psychological or psychiatric reasons.
2. Delegation of Responsibility	Application for homebound instruction shall certify the nature of the illness or disability, state the probable duration of the confinement, and be approved by the Administrative Director. The Administrative Director shall forward a recommendation for homebound instruction to the Joint Operating Committee for approval.
3. Guidelines	In grading the student for homebound instruction, a reasonable amount of work, considering the illness, or injury and the time out of school shall be weighed to determine the student's grade for that time. Students who withdraw from SUN Area Technical Institute due to injury or illness would be eligible to reenter the center the following year at the appropriate time by making arrangements with their respective sending school provided they have not graduated and are under age twenty-one (21). The Joint Operating Committee reserves the right to withhold homebound instruction when: 1. The instructor's presence in the place of a student's confinement presents a hazard to the health of the teacher. 2. A parent or other adult in authority is not at home with the student during the hours of instruction. 3. The condition of the student is such as to preclude any benefit from such instruction.
