

## SUN Tech Program

## Certifications Obtained

|                                       |  |
|---------------------------------------|--|
| <b>Advanced Precision Machining</b>   | NIMS Drill Press I                                       |
|                                       | Turning Operations                                       |
|                                       | Milling I  |
|                                       | Measurement, Materials & Safety                          |
| <b>Advanced Wood Products</b>         | <b>OSHA</b>  |
| <b>Auto Technology</b>                | <b>PA State Inspection</b>                               |
|                                       | <b>ASE Brakes</b>  |
|                                       | <b>ASE Electrical/Electronics Systems</b>                |
|                                       | <b>ASE Engine Performance</b>                            |
|                                       | <b>ASE Engine Repair</b>                                 |
|                                       | <b>ASE Suspension/ Steering</b>                          |
|                                       | <b>MACS Refrig. Recovery &amp; Recycling Cert.</b>       |
|                                       | <b>SP2 Mechanical Safety</b>                             |
|                                       | <b>SP2 Hazardous Materials</b>                           |
|                                       | <b>SP2 Pollution Prevention</b>                          |
|                                       | <b>American Lift Institute</b>                           |
|                                       | <b>Gates After Market Belt Systems</b>                   |
|                                       | <b>Valvoline Motor Oil Basics Training Certification</b> |
| <b>Carpentry</b>                      | <b>OSHA</b>  |
| <b>Collision Repair</b>               | <b>S/P2</b>  |
| <b>Computer Networking Technology</b> | C-Tech Network Cabling Copper-Based Systems              |
|                                       | C-Tech Network Cabling Fiber Optic-Based Systems         |
|                                       | Leviton Cabling Certification                            |
| <b>Cosmetology</b>                    | State Board Certification                                |
|                                       | Heartsaver First Aid & CPR                               |
| <b>Criminal Justice</b>               | FEMA IS 800  |
|                                       | First Aid  |
|                                       | OCAT Oleoresin Capsium                                   |
|                                       | PATH Practical & Tactical Handcuffing                    |
|                                       | HAZMAT 1st Responder Awareness                           |
|                                       | Telecommunicator I                                       |
| <b>Dental Health Technology</b>       | PA Radiology Exam  |
|                                       | BLS Healthcare Provider                                  |
|                                       | Bloodborne & Airborne Pathogens                          |
|                                       | HIPAA Employer   |
| <b>Diesel &amp; Truck Technology</b>  | PA State Inspection                                      |
|                                       | Cummins Engine   |
|                                       | MACS Refrig. Recovery & Recycling Center                 |
|                                       | S/P2 Mech. Safety  |

|   |  |
|---|--|
| <b>Electrical</b>                       | C-Tech Network Cabling Copper-Based Systems      |
|   | C-Tech Network Cabling Fiber Optic-Based Systems |
|   | Leviton Certificate                              |
|   | OSHA   |
| <b>Food Service</b>                     | Serv-Safe  |
|   | Heartsaver AED                                   |
| <b>Health Professions 201 &amp; 114</b> | BLS Healthcare Provider                          |
|   | Nurse Aide Registry                              |
| <b>HVAC/Plumbing</b>                    | EPA 608 Certification                            |
